

TL-1101R

RJ45, RJ11, HS PLUG PROFESSIONAL CRIMP TOOL

Scope of Application

LINK RJ45 Professional Crimp Tool Delivers straight-motion and precise crimping for three types of modular plugs: 8-position (RJ45), 4–6 position (RJ11, RJ12), and 4-position (HS). This tool is suitable with standard modular plugs without the need to change the die set. The modular holders are made of lightweight Al-Zn alloy with a PE grip and feature a ratchet mechanism for ease of use. Designed as a professional and deluxe model—lightweight, compact, durable, and equipped with a keyway in the 8-position modular holder.
