FEATURES AND BENEFITS

- Designed for all fiber optic wiring.
- Suitable for installation in 19" rack. (23" rack Optional)
- Structures made from Electro galvanize sheet steel, very durability.
- The laser symbol and LINK trademark are Cleary screened at the front.
- Can be slide-out easy to install and maintain.
- Uses with all type of LINK fiber optic adapter snap plate.
- Included Fusion Splicing Tray for manage and retain fusion splice protector sleeve.
- Fusion Splicing Tray made from PC/ABS to control bending radius subject to the standard.
- Fusion Splicing Tray support 24 fiber cores, can stacking & hinged.
- UF-2010A supports 6-24 fiber ports, UF-2011A supports 6-36 fiber ports
- For 6 LC Quad (24F) adapter snap plate, UF-2010A up to 48 fiber ports, UF-2011A up to 72 fiber ports.
- Accessories provided in bagged.
  - 2 cable glands for UF-2010 and UF-2010A
  - cable glands for UF-2011A
  - 4 sets of screw with M6 cage nut and PVC cup washer
  - 4 cable ties
