FEATURES AND BENEFITS

- Designed for all fiber optic wiring.
- Suitable for installation on wall.
- Structures made from Electro galvanize sheet steel, very durability.
- Top and Bottom cable entry integral grommets for preventing dust from entering the system.
- Uses with all type of LINK fiber optic adapter snap plate such as ST, FC, SC and LC.
- Included Fusion Splicing Tray for manage and retain fusion splice protector sleeve.
- Fusion Splicing Tray made from PC/ABS to control bending radius subject to the standard.
- Fusion Splicing Tray support 24 fiber cores, can stacking & hinged.
- Dual doors with separate locking options for quick to install or manage and security.
- The laser symbol and LINK trademark are Cleary screened at the front.
- Lockable front door provides added security and prevent unwanted access.
- UF-2022A support 6-24 fiber ports, UF-2024A support 6-48 fiber ports.
- For 6 LC Quad (24F) adapter snap plate, UF-2022A up to 48 fiber ports, UF-2024A up to 96 fiber ports.
- Accessories provided in bagged.
  - 2 cable glands for UF-2022A, 4 cable glands for UF-2024A
  - 2 keys
  - 4 sets of screw and nylon anchor
  - 4 cable ties for UF-2022A, 8 cable ties for 2024A
  - 1 label

SPECIFICATION
